

EVVA AirKey Proximity Cam Lock

Description

The EVVA AirKey Cam Lock is a perfect solution for both metal and wood applications, such as display cabinets. It is easy to install and is an ideal replacement for your standard cam lock. Access can be gained using your NFC-compatible smartphone (Android or iPhone), where keys can be easily sent using SMS text messages with push notification alerts, bluetooth, and also Evva AirKey key cards. It is rated to IP65 meaning that it is suitable for both indoor and outdoor use with a working temperature between -20°C and +55°C. The unit is CE certified and is supplied with 2 x CR2 batteries which provide long life for up to 30,000 cycles and are easily replaceable.
