

PAXTON10 Vari-Focal Bullet Camera PRO Series

Description

The Paxton10 vari-focal bullet camera pro series has a 8MP ultra low light sensor and is capable of recording at up to 4K. It is IP67 rated and features stunning low light performance, inbuilt IR, QHD resolution and intelligent motion detection.

Made of metal construction it is suitable for either wall or ceiling mounting, and has a 60m IR range. The camera is designed specifically to work with the Paxton10 system, which offers the most simple, secure and flexible installation possible. No NVR or other hardware is needed as video is processed on the camera and can be stored on the pre-installed 256GB SD card or sent directly to any network location.

5 Year Guarantee
